	GIMNASIO SABIO CALDAS (IED) Nuestra escuela: una opción para la vida PLAN ESCOLAR NO PRESENCIAL	Código	PENP - 01
		Versión	001
		Fecha	18/03/2020
		Proceso	Gestión Académica

DOCENTE	Jhon Alexander Cendales	GRADO	4th grade
ASIGNATURA	Inglés		
Correo electrónico de contacto	Jhon.cendales@sabiocaldas.edu.co		
Fecha de envío	13/04/2020	Fecha de entrega	17 /04/ 2020
Tiempo de ejecución de la actividad	Una semana		
TEMA	Reading comprehension technology.		
Contextualización			

AIMS

- To Know the technology
- To identify different and new vocabulary

Read(40 minutes)

1. Read the fact file and complete exercise 2 on the previous page.

FACT FILE: Computers

FUN FACTS:

- More than 3 billion people use the internet!
- More than 200 billion emails are sent every day!
- The first computer mouse was made of wood!

Computers can do lots of jobs. They can do maths, store information, or play music. You can use a computer to write or to play games. What do you know about the history of computers?

The first computers were very big. They were the size of a room! They were so big that people didn't have them at home. Early computers could also only do simple maths, like a calculator. In the 1930s Alan Turing had the idea for a computer you could program to do different things.

In 1958 Jack Kilby invented the microchip. Microchips are tiny but can store lots of information. They helped make computers smaller. In the 1970s computers were smaller and cheaper so people started to use them at home. In the 1980s computer games were very popular. Lots of people bought computers just to play games.

In 1989 Tim Berners-Lee invented the World Wide Web, which is a way to organise information on the internet. Now people all over the world can look for and share information on websites.

Today people can use smartphones to play games, email and go on the internet. In the past a simple computer was the size of a room. Now it can go in your pocket!

Descripción de la actividad sugerida

2. True or false

Read the fact file on the next page and circle true or false for these sentences.

- | | |
|--|-------------------|
| a. Early computers were very big and could do maths. | true false |
| b. Microchips are very small and store lots of information. | true false |
| c. Alan Turing invented the microchip in 1958. | true false |
| d. People started to buy computers to use at home in the 1970s. | true false |
| e. The World Wide Web was created in 1979. | true false |
| f. The first computer mouse was made of plastic. | true false |

3. What do you think?

- What was the most interesting fact about computers?
- How often do you use a computer?
