

**ENGLISH AREA "HOME ACTIVITIES"
SIXTH GRADE
FIRST WEEK
FROM MARCH 17th-20th**

Activity #1

Read the cartoon about "the coronavirus", translate it and do a new cartoon about your house cares from this virus in a paper (leer el texto, traducirlo y crear una nueva caricatura en donde plasme como tus cuidados en casa)

The coronavirus

<https://www.npr.org/sections/goatsandsoda/2020/02/28/809580453/just-for-kids-a-comic-exploring-the-new-coronavirus>

It's a word you might have heard at school or online or on T.V.

This coronavirus is a newly discovered virus. It causes a disease called COVID-19.

In some parts of the world it has made lots of people sick.

A lot of the symptoms are similar to the flu (which you might have had before!)

Most people who have gotten sick with this coronavirus have had a mild case.

And there aren't a lot of cases in kids. If kids do get the virus, it tends to be very mild.

People who are much older or who already have health problems are more likely to get sicker with coronavirus.

If anyone gets sick and feels like they might have coronavirus, they can immediately call their doctors and get help.

In the U.S. we don't have a lot of coronavirus cases. Medical people are tracking the disease very carefully and are trying to make sure it doesn't spread.

If there's anything you might be confused or worried about, don't be afraid to ask someone you TRUST.

There are some things you can do to protect yourself, family and friends from getting sick.

There are some things you can do to protect yourself, family and friends from getting sick.

1) WASH YOUR HANDS OFTEN

* USE SOAP AND WATER

* WASH FOR AT LEAST 20 SECONDS. IF IT HELPS, SING THE ABC'S WHILE YOU DO IT - THAT'S ABOUT 20 SECONDS.

* WASH AFTER USING THE BATHROOM OR BEING IN PUBLIC SPACES (LIKE THE BUS OR PLAYGROUND).

* TRY TO GET INTO ALL THE NOOKS + CRANNIES!

AND DON'T FORGET!

There are a LOT of helpers out there who are working to protect you. It is NOT your job to worry.

But seriously, though... PLEASE wash your hands!!!

2) SNEEZE INTO YOUR ELBOWS

* CORONAVIRUS IS BELIEVED TO SPREAD THROUGH LITTLE DROPLETS OF FLUID FROM YOUR LUNGS.

* IF YOU SNEEZE INTO YOUR ELBOWS, YOU CAN PREVENT GERMS FROM GOING INTO THE AIR AND ONTO YOUR HANDS.

3) AVOID TOUCHING YOUR FACE

* DON'T PICK YOUR NOSE, DON'T TOUCH YOUR MOUTH, DON'T RUB YOUR EYES.

* THESE ARE THE PLACES WHERE GERMS ENTER OUR BODIES.

It's very important to remember that this kind of virus can affect

ANYBODY.

It doesn't matter where you come from or what country your parents are from.

Just because someone looks different or talks differently doesn't mean that they are at a higher risk of getting the coronavirus or spreading it.

Activity #2

According to the reading comprehension, answer the questions about it and write a short paragraph about a famous singer in Colombia using the verb to be, professions, countries, nationalities and etc (De acuerdo a la comprensión de lectura, responde las preguntas, luego escribe un párrafo corto acerca de un cantante famoso en Colombia aplicando el tema de verbo to be, profesiones, nacionalidades y países, etc)

Countries and nationalities reading comprehension
