TEMA	Reading comprehension		
Contextualización			
<p>Comprehension strategies are conscious plans — sets of steps that good readers use to make sense of text. Comprehension strategy instruction helps students become purposeful, active readers who are in control of their own reading comprehension.</p> <p>Comprehension monitoring instruction teaches students to:</p> <p>Be aware of what they do understand</p> <p>Identify what they do not understand</p> <p>Use appropriate strategies to resolve problems in comprehension</p>			
Answering questions			
<p>Questions can be effective because they:</p> <p>Give students a purpose for reading</p> <p>Focus students' attention on what they are to learn</p> <p>Help students to think actively as they read</p> <p>Encourage students to monitor their comprehension</p> <p>By generating questions, students become aware of whether they can answer the questions and if they understand what they are reading.</p>
