A - Form and Colour

This is year-long course is perfect for people who want to learn about how to use a camera and who want to take it up as a profession. Students will learn how to use light and shade, colour and different shapes. The course will also teach students to change their work using computer technology. Tips will be given on how best to get started in the profession.

B - Practice makes Perfect

Learn about how to use computer software to make your work life easier. This course is designed for people who use computers regularly as part of their career, but who feel they are unable to make the most of the technology. Learn about new software for storing documents and photographs and keeping records. This evening class runs for ten weeks from September to December.

C - Armchair Explorer

This is a series of daytime lectures by people who have lived and worked in wild places. Each of the six talks will focus on a different continent. Lecturers will show photographs of the animals and plants, and explain why they are only found in one area. Lecturers will include Leo Holland, a scientist from the

Antarctic project, and Milly Oliphant, who researches birds in the Amazon rainforest. Tea and Biscuits provided.

D - Art Starter

Are you interested in a career in art? If so, this full-time, eight-week course will be perfect for you. Learn about different methods used by artists, including painting, drawing, photography and computer design. Artists will create work for an exhibition which will be displayed in the Town Hall for one month in September. Top businessmen and women from the design industry will be invited to attend the exhibition, so this could be a great start to your career!

E - Wild Design

Whether you want a career in art, or you just want to enjoy your hobby, this holiday course is for you. Wild Design is a two-week summer course situated on the wild coast of South Wales. We teach all kinds of art, including photography and painting, and the wild sea, beautiful flowers and great wildlife will definitely give you lots of creative ideas. Even if you already have a good understanding of art, you are sure to learn something new from our team of professional tutors.

F - Explore your Imagination

Do you want to show your friends a photograph of you beside the Egyptian pyramids or in the jungles of Borneo? Well now you can tell your friends that you have travelled the world without actually leaving the country! Join this evening class and learn how to use the latest technology and software to change photographs to a professional standard. You will also learn how to make your own computer designs using the computer programmes used by professionals.

G - Technology for You

Do you feel as if everyone is using a computer except you? Join in this five-day course and learn the basics. You'll learn how to store your personal files, send emails and use simple programmes to write and print letters. In the afternoons you will have the choice of either learning how to make Birthday Cards and other designs on a computer, or you can join our 'Basic computers for Work' class.

H - Wildlife Photographer

Travel to a different wild place every week and learn how to take photographs of animals, plants and scenery. Our expert teachers will advise you how to take the best pictures. This course will run for six weeks on Saturdays. Students should already have a good understanding of photography and their own equipment. The class is suitable for everyone, as there is very little walking involved.
